

**PRESS RELEASE**  
Kuala Lumpur, 20<sup>th</sup> March 2014

## **TLP Malikai Deepwater Project named Engineering & Construction Project of the Year**

Malaysia Marine and Heavy Engineering Holdings Berhad (MHB) and Technip, received the 'Engineering and Construction Project of the Year' award for the Tension Leg Platform (TLP) Malikai Deepwater Project recently from *The Oil and Gas Year* (TOGY) publication at Canada Place, Wisma Selangor Dredging, Kuala Lumpur, during its Malaysia 2014 book launch.

Representing MHB was Jamaluddin Obeng, General Manager Business Development and Commercial (Offshore Business) while Technip was represented by Syed Feizal Syed Mohammad, Senior Vice President Malaysia & Brunei.

TLP Malikai, a fully-manned platform to be installed 110 kilometers offshore Sabah, Malaysia, at a water depth of approximately 500 metres, was awarded to the Technip-MMHE JV early last year by Sabah Shell Petroleum Company Ltd (SSPC).

The TLP will weigh approximately 26,000 metric tonnes incorporating a hull and a topside, which will have facilities to process 60,000 barrels of oil and 1.4 million cubic meters per day of gas. The tendons will be fabricated in the U.S. Gulf of Mexico, and transported to Malaysia for installation in the Malikai field.

This award from TOGY was an honour for MHB after it was named the Fabrication & Construction Company of the Year at the Asia Oil & Gas Awards 2013 in Bangkok last year. The award was given by *Oliver Kinross*, an renowned energy conference organiser.

### **About MHB**

Malaysia Marine and Heavy Engineering Holdings Berhad (MHB) is a leading marine and heavy engineering services provider in South-east Asia region, focused primarily on the oil and gas sector. It offers a wide spectrum of offshore solutions which include offshore construction, offshore conversion; and marine repair services at two yards in PasirGudang, Johor, Malaysia. The yards can accommodate the fabrication of large marine structures with a total tonnage of 129,700 MT; and are also equipped with two dry docks accommodating vessels up to 450,000 deadweight tonnes (dwt).

### **About Technip**

Technip is a world leader in project management, engineering and construction for the energy industry. From the deepest Subsea oil & gas developments to the largest and most complex Offshore and Onshore infrastructures, our 40,000 people are constantly offering the best solutions and most innovative technologies to meet the world's energy challenges. Present in 48 countries, Technip has state-of-the-art industrial assets on all continents and operates a fleet of specialized vessels for pipeline installation and subsea construction. Technip shares are listed on the NYSE Euronext Paris exchange and traded in the USA on the OTCQX marketplace (OTCQX: TKPPY).
