

**PRESS RELEASE**

Kuala Lumpur, 2 December 2019

**MHB Bags Bekok Oil EPCIC Contract from PETRONAS Carigali Sdn Bhd & EPCC Contract from HESS**

**Bekok Oil EPCIC Contract from PETRONAS Carigali Sdn Bhd**

Malaysia Marine and Heavy Engineering Holdings Berhad (MHB or Group) is pleased to announce that its wholly owned subsidiary, Malaysia Marine and Heavy Engineering Sdn Bhd (MMHE) has secured a contract from PETRONAS Carigali Sdn Bhd (PCSB) to undertake the Provision of Engineering, Procurement, Construction, Installation and Commissioning (EPCIC) for the Bekok Oil Project.

The works include the supply and installation of new BEDP-A and BEDP-B Wellhead Platforms which consist of topsides, substructures and bridges linking each of the topside to the existing Bekok-A and Bekok-B platforms respectively. The targeted project duration for the fabrication works to be completed is 9 months from the award until Ready-for-Rig stage. Upon completion of fabrication works, the platforms will be installed at PM9 Field, located in south-eastern of Malay Basin, Peninsular Malaysia, approximately 260 kilometres from Terengganu Crude Oil Terminal.

**EPCC Contract for Bergading MRU module from HESS**

MMHE has also recently secured a contract for Bergading Central Processing Platform-Mercury Removal Unit (CPP-MRU) Integration Project from Hess Exploration and Production Malaysia B.V. It covers engineering, procurement, construction and commissioning (EPCC) works for Bergading MRU module. Upon completion the module will be installed and integrated to the existing Bergading CPP, North Malay Basin.

Wan Mashitah Wan Abdullah Sani, Managing Director and Chief Executive Officer of MHB, commented, "These new contracts signify continued trust of our clients in our capability in providing innovative solutions with the highest standard of safety, quality, time and cost. Our focus remains to ensure efficiency and effectiveness in the execution of project deliverables as per targets set".

## **About MHB**

Malaysia Marine and Heavy Engineering Holdings Berhad (MHB) is a globally trusted energy industry and marine solutions provider for a wide range of heavy engineering facilities and vessels.

MHB has more than 40-year track record of delivering integrated and complex solutions, including deepwater support services to international oil & gas clients. We are equally recognised for our global expertise in offshore conversion services and LNG vessel repair and dry docking. MHB also owns and operates a regional Centre of Excellence – a learning centre that produces technically expert workers for the industry.

Backed by an exceptional track record, a highly skilled workforce and world-class facilities, MHB is able to provide innovative solutions to meet the complex demands of the energy industry - safely, on time and within cost.

- Full range EPCIC services for heavy engineering construction
- Complete conversion works in one location
- Comprehensive marine repair, refurbishment, upgrading and life extension of vessels and rigs
